Description

Description:

Solution for cold disinfection of heat-sensitive medical devices.

Convenient: Dento-Viractis 53 is easy to rinse off. Non-foaming product for use in washer-disinfectors.

Material friendly: Compatible with nickel, titanium, tungsten carbide, aluminum, etc.

Environment friendly: 100% biodegradable Available in concentrated or ready to use.

Efficient

Kills bacteria, viruses, moistures and biofilm. The low % of glutaraldehydes (0, 17%) increases the disinfecting power without being corrosive and toxic for instruments and dental health care personnel.

Double action: detergent and disinfectant.
