Description

Product Description:

- To enhance treatment of gum disease and periodontal pockets, the Classic Professional includes a special reservoir and the Pik Pocket™ Tip for gentle delivery of antimicrobials and special rinses below the gumline.
- Removes plaque and debris from deep between teeth and below the gum line where brushing and traditional flossing can't reach, helping to prevent bad breath, gum disease, and tooth decay. Leaves your mouth feeling incredibly fresh and clean.
- Effective Plaque Removal: Clinically Proven to remove up to 99.9% of plaque from treated areas
- Healthier Gums: Clinically proven up to 50% more effective for improving gum health vs. string floss
- Great for people with implants, and those with crowns, bridges, and veneers.

Product Features

- 4 tips
- On-handle Pressure Control System with 6 settings
- Reservoir capacity of 90+ seconds
- Reservoir can be used as a hygienic cover
- 360-Degree Tip Rotation
- Specialty reservoir for use with low-pressure delivery of antimicrobial rinses.
